ALASKA

Why discover Alaska with Hurtigruten?

Active exploration

Hurtigruten is the ideal choice to actively explore the wild and remote frontier of Alaska. Our small expedition ship, MS Roald Amundsen, makes it possible to truly discover places off the beaten track, as well as colorful historic towns and indigenous communities all along this rugged and diverse shoreline.

A landscape of discovery

With our small boats (RIBs), you will explore majestic fjords, bays, rainforests, glaciers, and icebergs. Our included and optional shore excursions ensure you'll get in-depth experiences of Alaska's diverse nature, cultures, history, and people.

Stunning wildlife

Join the Expedition Team and watch for whales, seals, bears, seabirds, and more—either from deck, on small boats (RIBs), on kayaking excursions, or while hiking ashore.

Which Alaska adventure is right for you?

GET READY FOR YOUR ADVENTURE

— Relax, discover, and learn from the moment you step on board. We've created fascinating events and opportunities to learn during your entire voyage, designed to help you get the most out of your expedition.

Great natural experiences

"I really love my work as an Expedition Team member aboard Hurtigruten cruises to Alaska. I mean, what other job is there where you get sprayed by a humpback whale and see grizzly bears up close? But close wildlife encounters are just part of the adventure. Being out in magnificent, wild surroundings is about as personally fulfilling as it gets. In the lecture series we try to convey as much useful, interesting, and important information as we can. We consider and portray nature as the foundation for virtually everything. We want our passengers to fully experience their adventure into one of the world's last frontiers, and hope that some of it lives inside them forever after."

WILDLIFE

Alaska has wildlife in abundance and is a haven for birds, fish, bears, whales, caribou, moose, deer, wolves, and many other species. Here are some of the animals we hope to see:

BEARS

Four bear species can be found here: grizzly, brown, black, and polar bears.

MOOSE

A male Alaskan moose, also called giant moose, can stand some 7 feet tall at the shoulder, and weigh over 1,400 pounds.

BIRDS

Alaska provides important habitats to more than 500 bird species, including four different types of eagles.

SEA OTTER

The sea otter is capable of living exclusively in water, which is rare for an animal with legs.

ARCTIC FOX

The tiny Arctic fox is common over most of Alaska. A pair of foxes stay together their entire lives.

WHALES

Eight species frequent these waters: beluga, humpback, gray, orca, bowhead, blue, right, and minke whales.

DEER

Alaska is home to several deer species. They are good swimmers, and can cross the channels between islands.

FISH

Salmon are part of the lifeblood of Alaska, and viewing salmon runs is a popular activity.

Alaska and British Columbia – Wilderness, Glaciers, and Culture

Northbound

Sail north from Vancouver to the Misty Fjords, William Henry Bay, and the dramatic glaciers of College Fjord. Spot eagles, bears, and whales along the way. Visit Haines, Sitka, and Cordova, ending your journey by train into Anchorage.

Day 1 Vancouver (Full day)
Explore vibrant Vancouver and discover waterfront parks, nearby mountains, and a diversity of cultural neighborhoods. Consider joining an optional Pre-Program to take a ride on the Rocky Mountaineer Train.

Day 2 At sea
Sail north into the open ocean and toward the narrow channels of Canada's Inside Passage. Attend fascinating lectures presented by the Expedition Team in the onboard Science Center.

Day 3 Misty Fjords (Full day)
Experience the amazing Misty Fjords National Monument, a region of dense rainforests, granite cliffs, waterfalls, rivers, and coastal wetlands. Explore the area by small boat (RIB) or by kayak on an optional excursion.

Day 4 Wrangell (Full day)
Visit one of Alaska's oldest island towns, which has been governed by four different nations: Tlingit, Russia, Britain, and the United States. Wrangell's petroglyphs and totem poles reveal its distant past.
INCLUDED EXCURSION:
An Alaskan's Day

Day 5 Tracy/Endicott Arm Fjords (Full day)
Cruise the spectacular Tracy Arm and Endicott Arm Fjords, and admire towering cliffs, icebergs, and radiant blue glaciers at the end of the fjords. Possibly explore the area in small boats (RIBs) or kayaks.

Day 6 Petersburg (Full day)
Experience a little bit of Norway in rarely-visited Petersburg—a thriving fishing village with a strong Norwegian heritage, as well as stunning surrounding scenery and abundant marine life.

Day 7 Haines (Full day)
Watch for soaring bald eagles against a dramatic mountain backdrop in Haines, home to the Chilkat Tlingit people for centuries, then gold-rush settlers, and today, known for its artists community.
INCLUDED EXCURSION:
Fort Seward Town Package

Day 8 William Henry Bay (Full day)
Head ashore in our small boats (RIBs) to explore this area with local guides. Nestled against the Chilkat Mountains, the wilderness here features old growth forest, bears, wolves, and moose.

Day 9 Sitka (Full day)
Enjoy views of the Sisters Mountains and Mount Edgecumbe, a dormant volcano, from this once-Russian enclave and former capital of Alaska, which has many ornate Tlingit totem poles.
INCLUDED EXCURSION:
Alaska Raptor Center

Day 10 Icy Bay (Full day)
Witness nature's awesome beauty at Icy Bay in Prince William Sound, where three retreating glaciers feed icebergs into the sea.

Day 11 Cordova (Full day)
Experience the authentic Alaskan salmon-fishing town of Cordova, surrounded by vast forests and only accessible by boat or plane. Sea otters and eagles abound, and keep an eye out for moose, wolves, and bears.

Day 12 College Fjord
Spend the day exploring College Fjord in the northern part of Prince William Sound, surrounded by the snow-capped Chugach Mountains and tide-water glaciers. This is a great place for spotting humpback whales.

Day 13 Seward/Anchorage
Disembark the ship in Seward and ride the scenic Alaskan Railroad to Anchorage. Visit the Alaska Native Heritage Center before transferring to your hotel for an overnight stay.

Day 14 Anchorage
Watch locals fish salmon from Ship Creek in the city center, possibly spot a moose or bear, and consider extending your Alaskan adventure with a four-day Post-Program to Denali National Park.

Alaska and British Columbia – Inside Passage, Bears, and Aleutian Islands

Northbound

Sail from Vancouver to Nome; visit Misty Fjords National Monument, Icy Bay, Wrangell, and Sitka; look for brown bears at Katmai National Park; spot bald eagles at Chignik Bay; and go ashore at the remote islands of St. Paul and St. Matthew in the Bering Sea.

This map describes our planned journey. Weather conditions will determine our final itinerary.

Day 1 Vancouver (Full day)
Arrive in Vancouver, Canada, and see why this coastal metropolis is consistently voted one of the world's most livable cities. Consider adding an optional Pre-Program train ride aboard the famous Rocky Mountaineer.

Day 2 At Sea
Sail north into the open ocean toward the narrow channels of Canada's scenic Inside Passage. Join our Expedition Team in the onboard Science Center for fascinating lectures.

Day 6 Icy Bay (Full day)
Witness nature's awesome power and beauty at Icy Bay in Prince William Sound, where three fast-retreating glaciers feed icebergs into the sea.

Day 7 At Sea
Enjoy a relaxing day at sea. Our Expedition Team continues the lecture program, sharing their extensive knowledge and experience and presenting plans for the exciting days ahead.

Day 8 Kodiak (Full day)
Explore the small city of Kodiak, surrounded by evergreen forest on Alaska's largest island.
INCLUDED EXCURSION:
Town Package with Museum

Day 9 Geographic Harbor/ Kukak Bay
Experience Katmai National Park in Kinak Bay from one of three anchorages chosen by the ship's captain. See volcanic landscapes with mountains soaring 3,000-foot high and spot brown bears on the shore.

Day 10 Chignik Bay (Half day)
Discover the small village of Chignik Bay, where salmon

fishing has been the community's economic mainstay for over a century. Visit the fish factory and watch for bald eagles.

Day 11 Unga Village (Full day)
Visit the picturesque ghost town of Unga Village in the remote Aleutian Islands. Settled by Aleuts in 1833, subsistence fishing could not sustain the village and it was abandoned in 1969.

Day 12 Dutch Harbor (Full day)
Sail toward Unalaska, often called 'Dutch Harbor,' and see Mount Makushin, an active 5,900-foot-high volcano. The TV show *Deadliest Catch* is based in Dutch Harbor, featuring local fishing crews.
INCLUDED EXCURSION:
Hop On/Hop Off Around the Town

Day 13 At Sea
Continue sailing north, passing the Aleutian Islands and into the Bering Sea, heading toward remote St. Paul Island. The Expedition Team prepares you for our upcoming destinations.

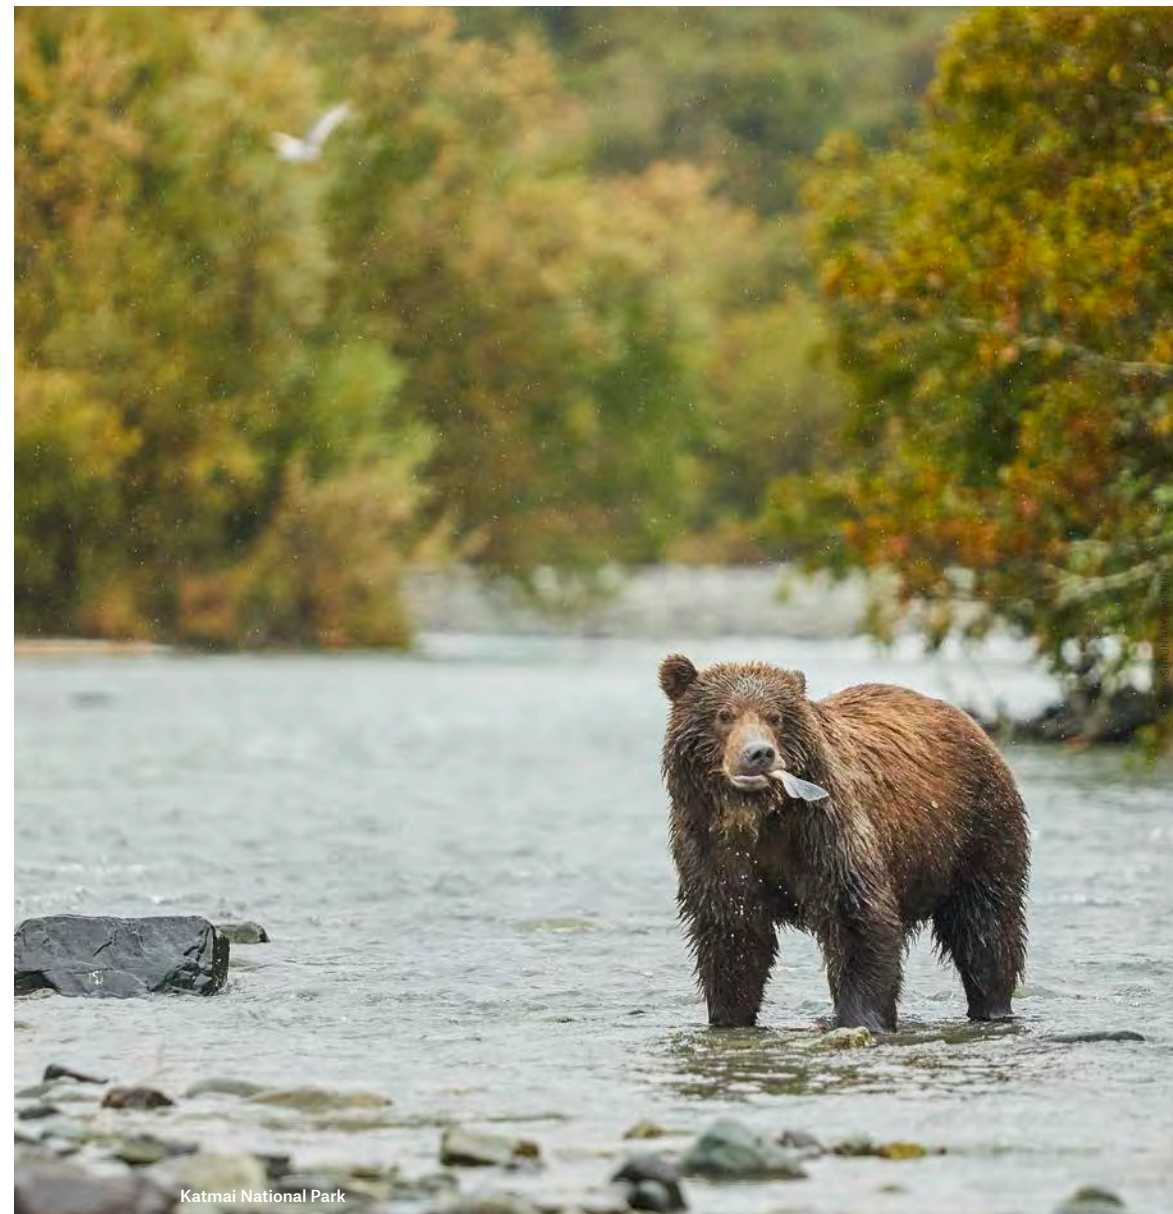

Day 14 St. Paul Island (Full day)
St. Paul is the ideal resting spot for migrating birds and attracts some 300 species. Half of the world's northern fur seal population live here and will be nursing newborn pups when you visit in July.

Day 15 St. Matthew Island (Full day)
Go ashore on the black sand beaches of isolated St. Matthew Island, where we are the only humans present. The island is home to nesting seabirds, the native vole, and the Arctic fox.

Day 16 At Sea
Spend your last day at sea watching for whales from the deck, recapping your cruise with the Expedition Team, and going to the future and back as we briefly cross the International Date Line.

Day 17 Nome
End your cruise in Nome, perhaps the most famous gold-rush town in Alaskan history. Disembark the ship, have a look around, and transfer to the airport for your flight to Vancouver.

Day 18 Vancouver
Conclude your expedition in Vancouver with an overnight stay, but consider staying a few days and explore this exciting, world-class, coastal metropolis.
